“Publishing in Nature Communications”

Dr. Bo Liu

Associate Editor

Nature Communications

Shanghai Office

Abstract: In this talk, Dr. Liu will introduce the *Nature Communications* journal, the editorial office in Shanghai, the editorial process and insiders’ view on the *Nature Communications*.

Biosketch: Dr. Bo Liu joined *Nature Communications* in March 2017. Following his undergraduate studies in Zhejiang University, China, he obtained his PhD in Physics at National University of Singapore. He then carried out his postdoctoral research at Graphene Research Center in Singapore and University of Washington. He currently handles manuscripts on solar cells and halide perovskite photophysics. Bo is based in the Shanghai office.
