

NANO 199 CONTRACT

NAME: _____ CLASS LEVEL: _____

CURRENT GPA: _____ (To qualify GPA must be 3.0 or above)

Brief Description of Proposed Research Project:

(Attach additional sheet if necessary)

Courses Taken in Preparation for Research Project:

Student understands that he/she is undertaking this project without the guarantee that he/she will receive NanoEngineering elective credit. He/she must petition for such credit after having completed the two-quarter project, and the success of the petition will be based on the quality of the research and final report as determined by the NANO 199 advisor and the Chair of the Undergraduate Affairs Committee. Student is responsible for making sure that the NANO 199 advisor submits the graded final report to the Advising Office for evaluation by the Chair of the Undergraduate Affairs Committee.

My initials indicate that I understand the procedures for obtaining NanoEngineering Elective credit. Failure to follow these procedures may result in my receiving no NanoEngineering elective credit. _____
